Renee has heard from CNN producer and reporter who are working on a "not so nice" story highlighting GSA. Below are the questions they are asking. They generally are expecting a "no comment" or no response at all. Would you like us to craft a response?

--Congressional Democrats say GSA has been nonresponsive on requests for documents and information about the Trump International Hotel in D.C.  
--Lawmakers have asked whether the agency has notified Trump Org of a potential breach of Article 37.19 of the lease. Has GSA provided an answer to that specific question?  
--Lawmakers have asked for monthly reports submitted to GSA by President Trump detailing revenue and expenses. Has GSA provided this information to congress? Is it true that GSA hasn't provided the documents?  
--Lawmakers have asked for copies of correspondence with representatives of President Trump's company. Has the GSA provided those documents?

(Reporter says she has letters from GSA acknowledging these requests but the correspondence lack specific answers to the questions above.)

Hi all!

It's that time again - time for our next all agency comms meeting next Monday, April 3rd at 3pm in room 350 at EEOB, put it on your calendars and let us know ASAP if you are unable to attend.

Please submit your information for WAVES here, and if you have any questions comments or concerns please reach out to Leah (cc'd): <https://events.whitehouse.gov/form?rid=DTJ6X6DXFM>

Additionally, it's also time for everyone to update their forward looking comms plans (see attached for the template). Please turn these into us by COB Friday, and call, text, email with any questions on this.

Additionally, please make sure your agency is filling out and returning the attached daily comms report nightly. There have been some new additions to this group so this serves as an introduction for some but also as a reminder for many that these are critical and that if there are any big ticket items they need to be flagged in the body of the return email.

Finally, I know we've had some new additions to staff administration wide - so if everyone could please update the attached contact template with any new additions and return to Brad and I by COB Friday we'd really appreciate it.

FYI - it will likely be announced today that GSA is canceling the proposed construction of a new Department of Labor headquarters for lack of funding. The decision is supported by the White House and OMB.

Attached is a draft statement we will use in the event of any press inquiries. We do not anticipate this will generate a lot of news outside the trade press, but wanted to make sure you were aware.

FYI -

As I have noted in the last few daily reports, the transition team - in accordance with section 5 of the Presidential Transition Act - is required to submit a 30-day post-inauguration contribution report to GSA. The Administrator is statutorily required to disclose the report to the public upon request.

The report was released this morning to CNN in response to a FOIA. We will be responding to other outstanding media requests this afternoon.

I have attached a copy of the report for your reference.

#### FBI Headquarters Project Update

March 10, 2017

The team has worked diligently since the fall issuance of the revised schedule, completing the milestones that we shared with stakeholders.

We appreciate the efforts of the Offerors as we work to procure a new HQ for the FBI and appreciate interest in this project.

We have met the milestones at this point. Appropriations are necessary in order for us to make an announcement and move forward with the next critical steps under the NEPA process and ultimately make an award.

Dear GSA:

Norman Dong, Commissioner of the Public Service, announced today that he is leaving GSA for a position with the Federal City Council, a non-profit, non-partisan organization dedicated to the improvement of the District of Columbia. Norm spent the last three years at PBS driving the organization to make significant reductions in our real estate footprint, saving the Federal government more than \$76 million each year; tapping into the value of our underutilized assets by moving out more aggressively on property disposals like the Cotton Annex in Washington, D.C., and the successful exchange of the Volpe Campus in Cambridge, Massachusetts and working in partnership with the Judiciary to launch the most significant courthouse construction program in years.

I have had the privilege of working with Norm. His leadership, work ethic, intelligence and perspective as a former customer helped to make us a more efficient organization. I would like to thank Norm for his contribution to GSA. We wish him well!

Until a permanent Commissioner is appointed, Deputy Commissioner, Michael Gelber, will act as Commissioner of the Public Building Service.

We are confident that during this transition you will give Michael your full support as you continue to provide outstanding service to our customers and stakeholders.

Thank you for the great work you do for GSA.

Tim

Dear PBS Employees:

Three years ago, I arrived at GSA to join the Public Buildings Service. Having been a tenant of GSA during my time at FEMA, I had seen first-hand how the Agency was helping tenants reduce their space to spend less on rent and focus more on mission; I was excited to be joining such a great team.

Since that time, I have seen the tremendous impact and results that PBS has achieved. We have helped our tenants make significant reductions in their real estate footprint, which will save the Federal government more than \$76 million each year. We are tapping into the value of our underutilized assets by moving out more aggressively on property disposals like the Cotton Annex in Washington, D.C., and the successful exchange of the Volpe Campus in Cambridge, Massachusetts. And over the past year, we

worked in partnership with the Judiciary to launch the most significant courthouse construction program in years.

None of this success would have been possible without the dedication, commitment, and expertise of all of you who work here in PBS. Over the past three years, I have appreciated the opportunity to work with so many talented professionals who are focused on meeting the space and facilities needs of our Federal tenants. As I've traveled across the country, there is nothing that I have enjoyed more than hearing about the great work being done to support our Federal tenants.

In a few weeks, I will be leaving GSA to join the Federal City Council, a non-profit, non-partisan organization dedicated to the improvement of the District of Columbia. I will take with me the lessons that I've learned and hope that I will always be able to work with professionals at the caliber of the GSA staff.

From the moment I joined GSA three years ago, I continue to be energized and inspired by the quality of our people, and the impact of our work. I am so proud of what we have accomplished as a team, and it has been an honor and a privilege to be part of such a great organization.

I wish you all the best.

## Hoyer Announces Guest for President Trump's Joint Address to Congress

**WASHINGTON, DC –** Congressman Steny H. Hoyer (MD-05) announced today that Miss Ola Ojewumi, a resident of the Fifth District, will be his guest at President Trump’s Joint Address to Congress tomorrow evening.

“I am pleased to welcome Miss Ojewumi as my guest for tomorrow evening’s joint address to Congress,” said Congressman Hoyer. “Ola, like thousands of Marylanders, has been personally impacted by the Affordable Care Act. As a child, she received a heart and kidney transplant. Years later when she developed cancer, had it not been for the ACA, Ola would have been uninsurable. But thanks to the patient protections of the ACA, Ola was able to stay on her parents’ insurance coverage until the age of 26, at which point she was

able to get covered through her employer. Marylanders like Ola are the very reason why I am working to protect the Affordable Care Act and oppose efforts to repeal the law. I hope that Ola's story and those of other constituents attending the address will remind Republicans of the harmful impact that repeal would have on Americans across the country."

Ola Ojewumi is a community organizer and women's health advocate. She has worked to expand access to Medicaid in Maryland, and advocates for people with disabilities. Ola was born and raised in Prince George's County, Maryland; she currently lives in Beltsville, Maryland.

UNCLASSIFIED/FOR OFFICIAL USE ONLY

GSA Region 4  
Atlanta, GA  
Situational Awareness  
Status as of 3:32 pm: Closed

Good Afternoon,

The EOC received notification that FPS responded to the Sam Nunn Atlanta Federal Center located at 60 Forsyth St, Atlanta, GA for reports of an accidental weapons discharge. It appears that while attempting to subdue a disorderly subject in the Environmental Protection Agency's area of the building, a struggle ensued between the subject and a Protective Security Officer (PSO). During the incident, the PSO's firearm discharged.

FPS is investigating the details and is the lead agency for this issue. The facility's FSC and appropriate emergency coordinators have been advised. There have been no reports of injuries at this time. This report should not be disseminated beyond the individuals receiving this initial distribution. This incident is now closed but will be monitored and details will be shared if or when details become available.

Thank you,

FYI -

As I have noted in the last few daily reports, the transition team - in accordance with section 5 of the Presidential Transition Act - is required to submit a 30-day post-inauguration contribution report to GSA. The Administrator is statutorily required to disclose the report to the public upon request.

The report was released this morning to CNN in response to a FOIA. We will be responding to other outstanding media requests this afternoon.

I have attached a copy of the report for your reference.

Brad,

Attached please find a draft statement regarding the decision to return the position of Commissioner of the Public Building Service to a non-career SES appointment.

The statement will be utilized for any reactive press as well as communications with customers and employees.

With your approval, we would like to notify the incumbent tomorrow afternoon. Please let me know if you have any questions or concerns.

Thanks,  
Mike
